

ChillFi Website — Master QA Testing Report

Every customer route in src/App.tsx, derived from the actual implementation, incl. responsive checks at 17 viewports.

Generated: 25 Sep 2026, 11:18 **Environment:** Local build :5200 → backend :5000 · headless Chrome (Playwright) + Chrome · Delhivery STAGING

Scope: Customer website (React/Vite). Admin panel is covered in its own report.

Overall status

Total	PASS	FAIL	BLOCKED	NOT TESTED	NOT APPLICABLE	Pass rate (applicable)
136	131	1	4	0	0	96.3%

Status legend: PASS = verified at runtime with evidence · FAIL = defect found (see Defect ref) · BLOCKED = needs manual/external action · NOT TESTED = not yet executed · NOT APPLICABLE = feature not present / not relevant

Defect log

ID	Title	Severity	Status	Root cause	Fix	Re-test
WDEF-01	Header overflows at 768–820px on every page (search bar could not shrink; account labels too wide)	High	Fixed	Search wrapper/input lacked min-w-0; account text shown from md	min-w-0 on search; account labels from lg; category selector lg+	Audit 510/510 pass
WDEF-02	Search bar 'All Categories' control was dead (no handler)	Medium	Fixed	Static div styled as dropdown	Real category select; searches within category via /products?category=&q=	Header search tested
WDEF-03	/account overflowed 768–1280px	High	Fixed	flex-1 without min-w-0; profile card fixed 180px stats from md; 6-col grid from lg	min-w-0, stats row from xl, 6-col grid from 2xl	Audit pass
WDEF-04	/checkout and /categories overflowed at 1024px	High	Fixed	Main column missing min-w-0; 380px summary; p-16 hero	min-w-0, 340px summary at lg, responsive padding	Audit pass
WDEF-05	Phone: cart item name squeezed to 1 letter; search button clipped; hero arrows covered subtitle; order tracker labels merged	High	Fixed	No-wrap flex rows / fixed padding / arrows over text	Wrapped cart row, min-w-0 search, arrows md+, compact tracker labels	Visual check 375/768 OK
WDEF-06	Phone/tablet: no product filters, no account navigation; card actions hover-only	High	Fixed	Sidebars hidden below lg; opacity-0 until hover	Filter drawer + Filters button; account menu strip; actions visible below lg	interact-mobile.js 9/9 PASS
WDEF-07	Invisible decorative elements blocked clicks (listing Sort/Filters row); footer link under Premium banner; order pagination under banner	High	Fixed	Absolute blobs in non-positioned containers; h-full banner overflow; uncapped pagination	relative + pointer-events-none on blobs; removed h-full; compact pagination	tap-audit 2899 elements, 0 blocked
WDEF-08	Address form & contact info forced 2 columns on phones	Medium	Fixed	grid-cols-2 at all widths	grid-cols-1 sm:grid-cols-2	Audit/visual OK
WDEF-09	Website shows 'Failed to fetch' / JSON parse errors / backend internals	High	Fixed	api.ts threw raw fetch/res.json errors and passed any server message	api.ts ApiError + friendlyError normalization; global ErrorDialogHost + showErrorDialog in contact, checkout, addresses, profile, tracking	PASS WEB-17-01..06
WDEF-10	Offers page: invented bank offers with HDFC/ICICI/SBI/Kotak logos, fake tab counts, fake countdown, fake 'chillFi Premium', '80% OFF' claim, dead buttons	High	Fixed	Mock design content	Removed bank offers/tabs/premium; hero honest with working Shop Now; sidebar links to real listings; coupon wording fixed	Screenshot qa-tools/results/web_offers_1440.png
WDEF-11	Website claims '24/7 support' in 9 places while contact hours are 9 AM–9 PM	Medium	Fixed		Copy updated	tsc OK
WDEF-12	Contact details inconsistent/placeholder: website +91 98765 43210 & '123 Green Park Society, Indiranagar, Bengaluru' vs app +91 90562 24993	High	Open	Template content	Needs the real business phone/email/address from owner	
WDEF-13	Header 'Brands' ignored (showed all products); 'Best Sellers' actually rating sort	Low	Fixed		Brands → brands section; renamed Top Rated	Code
WDEF-14	Fake flash-sale countdown (2h45m reset every load); hardcoded 'Verified Buyer' on testimonials	High	Fixed	Fallback fake timer	Timer only with real end date; label removed	Code

ID	Title	Severity	Status	Root cause	Fix	Re-test
WDEF-15	~25 dead/fake controls: premium banner, refer & earn, wallet/coins, fake bank offers, fake map/address, support search, FAQ without answers, share wishlist, buy again, invoices, newsletter fake success, invented About stats	High	Fixed	Template placeholders	Wired to real pages or removed (helper agent + review)	tsc OK; deadscan clean for rendered files
WDEF-16	Registration accepted invalid email; login panel claimed member-only deals / faster delivery	Medium	Fixed		Web + API validation; honest copy	PASS
WDEF-17	PRICING: cart always 'Free' delivery & total without GST; checkout offered  79 Express the server never charged; GST shown before coupon (server after) → displayed ≠ charged	Critical	Fixed	Client-side estimates diverged from server	Cart uses live settings; Express removed; GST after coupon; MRP breakdown; backend honours free_shipping_enabled	PASS: shown = charged
WDEF-18	Order success claimed 'Payment Confirmed' for COD, SMS tracking link and '3–5 days' (none exist)	Medium	Fixed		Pay on Delivery vs Paid; honest delivery text	Code
WDEF-19	Orders search only searched current page; 'Delivered on —' always; fake 'Download Invoices'; 'Support Tickets' (no system)	Medium	Fixed	Client-side page filter; hardcoded dash	Server search param; real delivered/expected dates; removed/renamed	PASS
WDEF-20	Shipping Policy promised pincode serviceability check at checkout — none existed (orders to undeliverable pincodes accepted, COD offered where unavailable); summary failure = endless spinner; policy named unused 'Shiprocket'	High	Fixed	Missing feature	GET /api/shipping/pincode/:pin (cached, rate-limited, Delhivery); web + app checkout block/disable COD; createOrder guard (only definitive 'no' blocks); retry state; policy text	PASS web+API+app
WDEF-21	Breadcrumbs used <a href> (full page reload); legal links on Login/Contact/Delete forms navigated away losing typed data; stale © years	Low	Fixed		Router Links; legal links open in new tab; dynamic year	PASS
WDEF-22	Product listing showed 'No products found' when the API failed/offline	Medium	Fixed	catch → empty list	Error state + Try again	PASS
WDEF-23	Two wishlists: header/cards used browser-local list, PDP & app used server → badge wrong, app wishlist invisible on web; logout left previous user's cart/wishlist in browser	High	Fixed	Local-only store	Store mirrors server wishlist when logged in (refresh after PDP toggle); logout clears cart+wishlist	PASS
WDEF-24	Checkout 'Add address' silently did nothing on missing/invalid fields and swallowed API errors	Medium	Fixed	return/catch without feedback	Inline validation + friendly API error	PASS
WDEF-25	Promo banner copy says 'Use code FREESHIP' but no such coupon exists (free delivery ≥  499 is automatic)	Low	Fixed (local + seed)	Admin-entered content	Seed + local banner: "Applied automatically on orders over  499"; production banner text is content-owner action	Local verified
WDEF-26	Order card payment status always green (Pending/Failed looked successful); '(1 Item)' hardcoded	Low	Fixed	Static styling/text	Colour by status, 'Not completed' for Failed; real item count	Probe screenshot

ID	Title	Severity	Status	Root cause	Fix	Re-test
WDEF-27	Checkout allowed COD when COD was off store-wide but courier serviceability unknown (order then refused)	Medium	Fixed	Required serviceable===true	Disable whenever cod===false; reason-specific badge	Probe verified
WDEF-28	Wishlist showed deactivated products as In Stock with Add to Cart	Low	Fixed	Status ignored	'No longer available' + disabled	Screenshot
WDEF-29	Website signed customers out on any refresh failure (429/5xx/offline) and on concurrent 401s (token rotation race)	High	Fixed	Same as ADEF-57	Single-flight refresh, tri-state result	Probe: 1 refresh call & stays signed in; garbage token → /login; network failure → session kept
WDEF-30	Listing showed 'Showing 0–0 of 0 products' next to a load error	Low	Fixed	Count rendered on error	Hidden on error	tsc
WDEF-31	During maintenance, signed-out admins were redirected to /login which was itself behind the maintenance page — admin could not sign in to turn it off	High	Fixed	Only /admin* exempt from gate	/login exempt	maint suite PASS
WDEF-32	Account menu items were buttons, not links (no open-in-new-tab, weaker a11y)	Low	Fixed	onClick navigation	Links with aria-current; actions stay buttons	rest2 22/22
