Defect log

ID	Title	Severity	Status	Root cause	Fix	Re-test
ADEF-01	Onboarding One: Skip button covered by content layer and unusable	High	Fixed (pending rebuild)	Skip Positioned painted before the full-width SafeArea content column in the Stack	Moved Skip to the end of the Stack (painted last)	Re-test after rebuild
ADEF-02	Login: language selector is a dead control; phone field accepts >10 digits	Medium	Open	No onTap on selector; no maxLength/formatter	Remove selector affordance; limit to 10 digits	
ADEF-03	Password-reset flow is vestigial and misleading in an OTP-only app (fake email reset, client accepts any OTP, static strength meter)	High	Open	App login is Firebase phone OTP only; password screens never wired to a password login	Remove password-only entry points (Forgot Password link, Reset via Email, signup password field)	
ADEF-04	Sign Up: phone not validated to 10 digits, email not validated	Medium	Open	_onSignUp only checks non-empty phone	Validate ^{6-9}\d{9}\$ and email format like Login	
ADEF-05	Maintenance screen: dead buttons + fake hard-coded downtime date	High	Open	No onTap handlers; static demo text	Retry button re-checks /app-config; remove fake downtime	
ADEF-06	Home header never shows the customer's address	Medium	Open	Addresses only loaded by Cart/Checkout	Load addresses on Home when logged in	
ADEF-07	Add-to-cart from listing/offers/deals/trending/new-arrivals/recommended gives no feedback; failures silent	High	Fixed	onAddToCart callbacks ignored the provider result	Shared addToCartWithFeedback(): green snackbar on success, AppAlertDialog on failure; wired into 6 screens + details/wishlist/deals/recently-viewed	PASS APP-40-03/05
ADEF-08	Similar products card says 'Added to cart' even when the add fails	Medium	Fixed	Result of addToCart discarded	Uses addToCartWithFeedback	Code fixed; runtime retest pending
ADEF-09	Raw technical/Firebase/Dio text could reach users in snackbars	High	Fixed	Screens printed e.message / server message verbatim	AppError mapper + Dio interceptor friendly message + AppAlertDialog; firebaseFriendly() code map; voice error text	PASS APP-40-01/02
